

SASURA

THE ART OF PAIRING
EYEWEAR & JEWELRY

OUR EYES ARE OUR MOST EXPRESSIVE FEATURE.
AT SASURA WE *believe* THAT EYEWEAR SHOULD BE A
CONTINUATION OF THAT EXPRESSION.

Our *philosophy* revolves around the freedom of choice and
expression. Sasura's interchangeable *jewelry technology* means that
every woman can find the right frame in the Sasura Collections and
truly MAKE THEM HER OWN BY PAIRING THEM WITH EXQUISITE
PIECES OF JEWELRY.

Italian made, Sasura frames are an example of innovation and
traditional craftsmanship.

Our story begins with a journey that took us around the world from the exciting urban centres of Europe, to the landscapes of Asia, right back to the place we call home. But still we searched for the **MOST EXQUISITE TREASURE SOUGHT BY WOMEN.**

Then the answer was revealed. We discovered that the most valuable treasure isn't material - it is deeper and more substantial. It is the treasure within each of us - our true state of being.

WE ARE EACH OUR OWN *unique treasures.*

With this - Sasura was born. Our exquisitely designed eyewear uses traditional artistry and new technology to become the best way to **TELL YOUR STORY THROUGH YOUR OWN EYES.**

A woman with long dark hair, wearing a black sleeveless dress and dark sunglasses, stands in profile against a stone building background. She is wearing a bracelet on her left wrist. The background is a blurred stone wall with a window or doorway.
